ZHONGCE RUBBER GROUP CO., LTD.

- A Company established in Year 1958
- No. 1 Tyre Manufacturer in Mainland China
- No. 10 of Top 75 Global Tyre Manufacturers in Year 2017
- Sale revenue reached USD3.23 billion in Year 2016

Zhongce Rubber Group Co., Ltd. (ZC-RUBBER) takes great pride in producing tyres that rate among the best in the world. Our corporate philosophy is all about collaboration with our suppliers, with over 10,000s of companies who sell our products around the world, and with our millions of end customers who trust our tyres every single day.

Our engineers are working together closely with our international Research and Development (R&D) team combined of Japanese and Korean experts. We keep on investing millions of US dollars in establishing various production and testing facilities. Meanwhile the quality control system approved by global tyre manufacturers and

international vehicle manufacturers will guarantee the safety and quality of ZC-Rubber tyres.

Today ZC-Rubber is expanding from a Chinese oriented company to a global tyre manufacturer. The subsidiaries located in Southeast Asia, North America, South America and Europe (coming soon) are serving customers without any difference of time and language. The newly established Thailand plant will produce suitable products for local and nearby markets. Safe and value will be the key supplied by ZC-Rubber, who will craft a better future together with partners and friends all over the world.

Manufacturing Bases

PCR & LTR Plant in Xiasha

TBR Plant in Xiasha

Rubber Products Plant in Yonggu

Bias Tyre Plant in Xinanjiang

Advanced Production Facility

Extruding Machine

Germany Fischer Cutting Machine

Germany Krupp Building Machine

APPLICATION AND KEY FEATURE LEGEND

Long Haul

Regional

Mixed Service

Urban

Winter

L

- Long distance journey with constant speed and less braking and accelerating
- Less fuel consumption and comfortable ride
- High mileage performance

R

- Shorter journey with frequent braking, accelerating and turning
- Improved road grip with maximum mileage
- Exceptional tough type

M

- Used both on and off road
- Heavy loads and outstanding durability
- Special protection against the damage caused by the road condition

U

- Frequent speed changes and turning
- Resistance to curb impact
- Excellent road grip and durable high mileage

Long Haul

- Long distance journey with constant speed and less braking and accelerating
- Less fuel consumption and comfortable ride
- High mileage performance

Long Haul

- Premium five-rib tread provides outstanding handling for steer application
- Decoupling grooves prevent uneven tread wear and ensure long tread life for long distance travelling
- Wide and deep tread guarantee longer mileage with affordable cost and remarkable value

Made in Thailand available

- Wider tread spreads load over a larger area, promoting long, even wear in steer and free-rolling wheel position
- Straight simple rib pattern improves even wearing and efficient water evacuation for excellent wet traction and handling
- Cross rib sipes slice through water for solid control on wet roads
- Decoupling tread design suitable for long-distance travelling

- Cool-running compound construction reduces the energy generated within the tread for low rolling resistance
- Shallow tread depth promotes low rolling resistance for fuel economy and long even wear
- Four wide grooves provide all-season performance on wet and dry roads

Made in Thailand available

Regional

- Shorter jourey with frequent braking,accelerating and turing
- Improved road grip with maximum mileage
- Exceptional tough type

- Premium five-rib design for regional all position application
- SILICA compound ensures better tyre life with reduced rolling resistance
- Computer aided carcass design helps improve footprint for better mileage performance

- Multiple gripping edges slice through water and road films for a solid grip
- Four wide continuous rib design help resist tread squirm and heel-and-tow wear for exceptionally long tread life
- Three circumferential grooves help deliver all-season traction on wet or dry road
- Closed shoulder design helps promote even wear throughout the tyre life

- This tyre delivers outstanding traction, long even wear and advanced casing design to ensure durability
- An extra wide, self cleaning and full depth tread design provides improved water evacuation, lateral stability
- A strong shoulder block ensures a flat even wear on all types of application with shallow lug grooves on shoulder to minimize shoulder heal and toe
- Stone ejection groove design provides a more durable casing life for retreadability by minimizing damage to the casing

Made in Thailand available

- Enhanced casing and deep tread guarantees longer mileage
- Strong biting edge and open shoulder produce powerful traction
- Stone rejector reduces stone retention and maximize casing durability
- Suitable for single axle vehicles

- 3 circumferential grooves ensures good directional stability, even wear and smooth ride
- Heavy siping provides good braking stability and high lateral traction on wet and dry surface
- Improved tread compound helps resist tears and ensure good mileage in on and off road use
- Sidewall reinforcing ribs protects against impacts and scuffing

 Made in Thailand available

Mixed Service

- Used both on and off road
- Heavy loads and outstanding durability
- Special protection against the damage caused by the road condition

Mixed Service
On & Off

- Aggressive multi-service, all position tread pattern promises excellent traction in ON/OFF road service
- Outstanding self-cleaning tread design ensures long-life service in ON/OFF road conditions
- Robust tread blocks and rugged casing allows for heavy loads and resist casing penetration and damage

Made in Thailand available

- Premium tyre designed for drive position applicable for rough road surface
- Aggressive direction tread with robust tread blocks providing extra traction for on/off road condition
- Special rubber compound ensuring more resistance to cuts and tearing

Made in Thailand available

- Drive axle tyre applicable for mud and sand terrain with short on high-way use
- Wide tread and open shoulder blocks help enhance traction and braking on rough roads with mud or gravel
- Special tread compounds resist chipping, chunking and tearing

Made in Thailand available

- Rugged tread blocks and tread design offer outstanding off-road traction
- Tough tread rubber compounds help resist chipping and chunking
- Enhanced traction in mud and sand

M

Mixed Service
On & Off

- Aggressive block design provides outstanding traction on rough roads
- Wide tread and special tread compounds resist chipping, chunking, and tearing
- Durable tyre casing for heavy loads
- Applicable for low speed use. Maximum speed shall be limited to 70 km/h in winter and 50 km/h in summer

 Made in Thailand available

- 3 circumferential grooves ensures good directional stability, even wear and smooth ride
- Heavy siping provides good braking stability and high lateral traction on wet and dry surface
- Improved tread compound helps resist tears and ensure good mileage in on and off road use
- Sidewall reinforcing ribs protects against impacts and scuffing

 Made in Thailand available

- Premium logging tyres applicable for all seasons including winter season
- Large and strong tread blocks with deep tread (32/32nd) guarantee exceptional traction on snow and mud road surface
- Durable tyre casing and improved rubber compound provide excellent tyre life and resist chipping and chunking

- Aggressive lug design with large blocks at tread center provides excellent traction and braking on rough roads with mud or gravel and is self-cleaning for ease of maintenance
- Applicable in mining, logging, construction or rock and quarry operations with some very short on high-way use possible
- Special tread compounds resist chipping and chunking in rugged off-road conditions

 Made in Thailand available

- All-terrain all position tyres designed for special service
- Special tread compounds resist chipping and chunking in rugged off-road conditions
- Open shoulder tread design help promote traction and floatation capacity on rough roads

 Made in Thailand available

Urban

- Frequent speed changes and turning
- Resistance to curb impact
- Excellent road grip and durable high mileage

Urban

CR906

- Five rib tread pattern provides uniform wear and excellent traction on wet and dry road.
- Deep and wide tread enhances mileage for exceptionally long tyre life
- Reinforced shoulder and steel sidewall help deliver long casing life and retreadability
- Sidewall protector ribs help resist sidewall damage from turning, backing and braking when used in urban neighborhoods.
- Cool-running compound delivers low rolloing resistance meaning more fuel efficiency

Winter

Winter

- Wide and deep circumferential grooves enhances removal of snow and ice
- Specific tread compound keep rubber softness in low temperture with good performance
- Wide tread with advanced block and sipe design provides extra traction for snow and ice road conditions

NS785
